

Business land glossary

Key business land terms, explained simply.

Brownfield (friche)

Built or unbuilt site, formerly used for an activity and now vacant, that can be redeveloped for a new project.

Business land

Land and buildings intended to host economic activities: industry, logistics, crafts, services.

Business park (ZAE)

Area developed, most often by a local authority, to host businesses.

Intercommunal body (EPCI)

Grouping of municipalities that exercise certain powers together, including economic development.

Land take (artificialisation)

Lasting transformation of natural, agricultural or forest land, for example to build a building, a road or a car park.

Net zero land take (ZAN)

Objective set by the 2021 Climate and Resilience Act: by 2050, any new land take must be offset by renaturing an equivalent area.

Project leader

Company or investor looking for land or premises to set up or expand.
